ABOUT ME

An architecture graduate and BIM specialist with **2.5 years of professional experience** and a Master's degree in Architecture for Sustainability from Politecnico di Torino. Experienced in architectural and urban design development, **Revit BIM modelling**, and the production of executive drawings, executive documentation and quantity take-offs for public-space, residential and hospitality projects in Italy and Oman. . Skilled in **AutoCAD workflow coordination**, with additional expertise in **Dynamo and Python for BIM automation** developed through academic research. Combines design thinking, technical problem-solving and teamwork.

WORK EXPERIENCE

2MIX Turin, Italy

Junior Architect

22/01/2026 – Current

- Developed urban design proposals from approved PFTE schemes, including parking layouts, pedestrian routes, green areas, urban furniture and traffic signage across six intervention areas.
- Prepared existing-condition drawings, proposed plans and executive sections in **AutoCAD**, addressing parking capacity, circulation widths and pedestrian visibility.
- Established and managed an **AutoCAD Xref system**, enabling **five team members to work simultaneously** within a coordinated drawing environment.
- Coordinated drawing updates and organised technical documentation for the executive design stage.

Tangram studio (Alice e Giorgio Giani architetti) Torino, Italy

Website https://gianiarchitetti-tangramstudio.com/

Junior Architect - BIM modeler

18/11/2024 – 30/09/2025

- Created detailed building models in **Revit**.
- Managed and coordinated **"stato di fatto" (existing conditions)** with **"stato di progetto" (design proposals)** in Revit.
- Worked across multiple project phases, including **design, construction, and existing building documentation**.
- Produced technical documentation (plans, sections, and elevations) using **Revit** and **AutoCAD**.
- Generated **computometric reports** of surfaces, dimensions, and quantities of building elements (windows, doors, railings, etc.) and indoor/outdoor spaces using Revit schedules.
- Developed **realistic 3D renderings** of architectural models.
- Designed and delivered **professional presentations** in PowerPoint.

GAS Architecture Studio Torino, Italy

Website https://www.gasarchitettura.com/

Junior Architect

01/06/2023 – 31/03/2024

- Creating 2D drawings, such as executive detailed plans,elevations and sections, using AutoCAD.
- Developing a detailed 3D model in Revit, including elevations, plans, and sections, as well as producing interior and exterior renders using Enscape.
- Producing isometric plans and incorporating proposed materials using Photoshop.

Scale carpentry Tabriz, Iran

Interior designer

2020 – 2021

Develop design concepts and present them to clients for approval.
Create mood boards, sketches, and visual presentations to convey design ideas.
Plan and design the layout of interior spaces, considering factors like traffic flow, furniture placement, and ergonomics.

EDUCATION AND TRAINING

09/2021 – 07/2024 Torino, Italy

MSc in Architecture for Sustainability Politecnico di Torino

2015 – 2019 Tabriz, Iran

BSc in Architecture Seraj University

SKILLS

Skills

Digital Skills

- Bim / Modeling softwar : Rhino 3D Modeling, Autodesk (Autocad, 3d Max, Revit), Edificius
- Rendering: Vray , Lumion , Enscape , Unreal Engine
- Adobe : Adobe Illustrator, Indesign, Photoshop
- VPL : Grasshoper , Dynamo
- Others : Microsoft Office

Language Skills

Mother tongue : Persian / Azerbaijani

Other Languages : English : C1 , Turkish : B2 , Italian : A2
